I have been to hundreds of gigs and I kid you not when I say The Monkees are by far the best I have EVER seen. They never fail to wow us all and always provide an AMAZING show!

We booked The Monkees as our wedding band and we were absolutely blown away. We loved them, the guests loved them, even my "Great Uncle Grumpy" loved them! Thank you!

# Hey hey we're The Monkees!

**Mickey Dolenz**

Born: LA, California, USA.

Instrument: Vocals and drums.

Dolenz enjoys crafts, hobbies and building things-including a Gyrocopter which he built in his living room, but it was so large he had to have a wall removed to take it outside.

**Michael Nesmith**

Born: Houston, Texas, USA.

Instrument: Guitar and vocals.

Without graduating from high school, Nesmith enlisted in the United States Air Force in 1960 and was trained as an aircraft engineer. After a tour of duty in the Air Force, Nesmith was given a guitar as a Christmas present from his mother and stepfather, thus beginning his love of music.

**Peter Tork**

Born: Washington, D.C, USA.

Instrument: Keyboardist and bass guitarist.

Tork has previously taught algebra and baseball at a private school but his true passion lies in music, in fact Tork is so talented that he can play 12 musical instruments.

**Davy Jones**

Born: Lancashire, England.

Instrument: Vocals.

When not performing and touring Jones enjoys horse racing and even trained as a jockey in his teens; he now holds an amateur rider's licence and rode in his first race at Newbury in Berkshire, England. Jones shares a birthday with fellow Monkee Nesmith.
